GUIDE FOR COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PROPOSALS

All CDBG projects must (1) benefit low and moderate-income people and (2) prevent or eliminate slums and blight.

For an activity to meet the first national objective, or to benefit low and moderate income people, it must meet income eligibility requirements that limit the benefits of the project to low and moderate income persons or the project must be located in an area that is predominately inhabited by residents who are persons of low and moderate income. Under the regulations pertaining to the CDBG program, facilities that serve the elderly or adults with disabilities are usually considered to benefit low and moderate-income persons.

HUD INCOME LIMITS*Effective March 2007

4	\$49,200	\$61,500
5	\$53,150	\$66,400
6	\$57,050	\$71,350
7	\$61,000	\$76,250
8	\$64,950	\$81,200

* All income figures have been rounded off to the nearest \$50.

For an activity to meet the second national objective, the removal of blight, it must be designed to address the conditions causing the slums and blight. Generally, the City determines areas of slums or blight, although activities designed to remove a specific blighting condition can be considered. Historic preservation activities can also be undertaken.

There is a third national objective, that is, to meet an urgent community need. In order to meet that objective, it must be demonstrated that the project will address an immediate threat to the health or welfare of the community such as a natural disaster. Because the third national objective addresses a very narrow range of activities, applicants should consult with the CPDS staff before selecting them.

Activities that do not meet one of the national objectives cannot be undertaken with CDBG funds.
